D.4	H&AC	Final	1.0	20.02.2012	ATSPs without certification in accordance with Art. 7(5) SPR

1. BACKGROUND

In accordance with the Article 8 of the Regulation (EC) n°550/2004 and the Article 12.1 and Article 12.2 of the FABEC Treaty, the FABEC States shall specify

- the jointly designated air traffic service providers and meteorological service providers, if applicable, and their respective areas of responsibility and
- the providers of air traffic services providing services without certification and their respective areas of responsibility.

2. PURPOSE AND CONTENT OF THE DELIVERABLE

Three options have been identified for designation of the air traffic service providers (ATSPs) in FABEC:

- a. designation of ATSPs according to national borders;
- b. designation according to the actual operational limits;
- c. designation of all ATSPs for the whole airspace.

For the time being, the designation of ATSPs according to national borders is preferred as the first step of this progressive approach. The joint designation is defined in a separate document.

Regarding the Article 12.2 of the FABEC Treaty, in addition to designation of the ATSPs mentioned in Article 12.1, other providers of air traffic services can be designated. Contracting States have agreed for the services mentioned in Article 12.2 that they will use simplified procedures to jointly designate the above mentioned providers. A provider designated by a particular Contracting State shall become jointly designated after notification by the Contracting State concerned. A separate list (attachment 2) is held by the FABEC Council for the providers designated on the basis of the Article 12.2.

JOINT DESIGNATION
OF CERTIFIED AIR TRAFFIC SERVICE PROVIDERS WITHIN THE
FUNCTIONAL AIRSPACE BLOCK EUROPE CENTRAL

Considering the Treaty of the 2nd of December 2010 relating to the establishment of the Functional Airspace Block « Europe Central » between the Federal Republic of Germany, the Kingdom of Belgium, the French Republic, the Grand Duchy of Luxembourg, the Kingdom of the Netherlands and the Swiss Confederation;

Having regard to the Regulations on the Single European Sky of the European Parliament and the Council of the European Union, the relevant implementing rules, the statement by the Member States on military issues relating to the Single European Sky and the Agreement between the European Community and the Swiss Confederation on air transport;

In accordance with Article 12 paragraph 1 of the Treaty, the Contracting States to the Treaty jointly designate the following air traffic service providers to provide services on an exclusive basis within those parts of the concerned airspace falling under their responsibility:

- a. Administration de la navigation aérienne, domiciled at BP 273, L-2012 Luxembourg and whose principal place of operation is the Grand-Duchy of Luxembourg. The specified airspace is comprised within the FIR/UIR Bruxelles according to *Règlement grand-ducal du 7 juin 2000 relatif à l'organisation et aux procédures d'utilisation de l'espace aérien luxembourgeois*.
- b. Belgocontrol, domiciled at Rue du Progrès 80, B-1030 Bruxelles and whose principal place of operation is the Kingdom of Belgium. The specified airspace is comprised within the FIR/UIR Bruxelles in accordance with *loi du 21 mars 1991 portant réforme de certaines entreprises publiques économiques / wet van 21 maart 1991 betreffende de hervorming van sommige economische overheidsbedrijven*, the management contract between Belgocontrol and the State in force in application thereof and according to *Règlement grand-ducal du 7 juin 2000 relatif à l'organisation et aux procédures d'utilisation de l'espace aérien luxembourgeois*.
- c. DFS Deutsche Flugsicherung GmbH, domiciled at Am DFS-Campus 10, D-63225 Langen and whose principal place of operation is the Federal Republic of Germany. The specified airspace is the FIR Bremen, FIR Langen, FIR München and UIR Rhein.
- d. Direction des services de la navigation aérienne, domiciled at 50 Rue Henry Farman, F-75720 Paris cedex 15 and whose principal place of operation is the French Republic. The specified airspace is the FIR Bordeaux, FIR Brest, FIR Marseille, FIR Paris, FIR Reims and UIR France.
- e. Eurocontrol (Maastricht Upper Area Control Centre), with its Headquarters at Rue de la Fusée 96, B-1130 Bruxelles. The specified airspace is comprised within the UIR Hannover, UIR Bruxelles and FIR Amsterdam as specified in the Annex I to the Agreement relating to

the provision and operation of air traffic services and facilities by Eurocontrol at the Maastricht Area Control Centre.

- f. Luchtverkeersleiding Nederland, domiciled at Stationsplein ZuidWest 1001, NL-1117 CV, Schiphol-Oost and whose principal place of operation is the Kingdom of the Netherlands. The specified airspace is comprised within the FIR Amsterdam in accordance with the *Regeling luchtverkeersdienstverlening (Stcrt. 1998, 195)*.
- g. Skyguide, Swiss civil & military Air Navigation Services Ltd, domiciled at Route de Pré-Bois 15-17, CH-1217 Meyrin and whose principal place of operation is the Swiss Confederation. The specified airspace is FIR/ UIR Switzerland.

The respective rights and obligations of the jointly designated air traffic service providers remain those assigned to each of them by the Contracting State on the territory of which the provider concerned has its principal place of operation or those specified by an international agreement.

The joint designation according to Article 12 paragraph 2 of the Treaty is subject of a separate document. This separate document shall be kept up to date by the FABEC Council on the basis of the notifications made by the Contracting States.

b. ATS limited to a control zone of aerodromes

The integrated civil-military ANSP, Skyguide, provides services to both OAT and GAT traffic, in Swiss airspace and in adjacent airspace in neighboring countries that has been delegated to its control, from Geneva and Zürich ACCs. Skyguide also provides services at the two national airports (Geneva and Zürich airports), as well as at the regional airports and at primarily military or joint civil-military aerodromes.
